## DETAILED ACTION

The amendment filed 3/18/05 and the remarks presented therewith have been carefully considered. However, they are not deemed to be fully persuasive.

### ***Claim Rejections - 35 USC § 112***

1. Claim 21 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 21 is confusing in that it is unclear how this claim further limits claim 17 from which it depends.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 17, 21, and 22, as understood, are rejected under 35 U.S.C. 102(b) as being anticipated by Silvey.

Silvey shows a lifting device comprising a flexible stabilizing member (B', B), a hook member (C), and a handle (A). The distal rounded ends (B,B') of the stabilizing member are deemed to have a horizontal component or at least portions thereof that

extend horizontally (see Fig. 4) as broadly as recited in claim 17. Further, it is pointed out that Silvey's lifting device contains all of the *structural* limitations as broadly as recited in the above claims and is deemed capable of engaging the top surface of a wire rack if positioned properly thereon.

#### ***Allowable Subject Matter***

3. Claims 18-20 and 23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 1-5 and 10-16 are allowed.

#### ***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
